Hi Palmer,
I am on my way to Juneau for a Greens Creek Mine meeting, then off to Seattle to hear the TU presentation again. I'll respond to any email you send when I can get a connection again but it probably won't be till the end of the day.

I think Chris has other versions of the presentation. He was working with us before you came back.

Phil:

Thanks for sharing this. I'm reworking it a bit for tomorrow's meeting with OSWER. I will forward a version later today with a few questions for you.

Palmer,

Ex. 5 - Deliberative

Here is a presentation I gave to the FWS and NPS regional directors a couple months ago. The slide showing number of 404(c) actions has an error but not sure what it is.
